

**Bidders are to provide the information requested in the below table:**

Item No	Description	Reference in Technical Specifications	Manufacturer	Model Nos
1	Recessed linear profile to illuminate the columns on the front facade	1.03.1 Type A1		
2	Surface mounted linear profile to illuminate the columns on the front facade	1.03.1 Type A2		
3	Recessed uplighters to illuminate the main entrance of the front facade	1.03.1 Type B		
4	Surface mounted linear profile to illuminate architectural details on the front facade	1.03.1 Type C		
5	Surface mounted linear profile to illuminate architectural details on the side facade	1.03.1 Type D		
6	Surface mounted projector to illuminate the cupolas	1.03.1 Type E		
7	Surface mounted linear profile to illuminate architectural details of the front facade	1.03.1 Type F		
8	Surface mounted linear profile to illuminate architectural details of the front & side facade	1.03.1 Type G		
9	Surface mounted projector to illuminate details on the front & side facade	1.03.1 Type H		
10	Surface mounted projector to illuminate architectural details on the front facade	1.03.1 Type I		
11	Surface mounted projectors to illuminate the belfries	1.03.1 Type J		
12	Surface mounted projectors to illuminate the belfries	1.03.1 Type K		
13	Surface mounted linear profile to illuminate the cupola	1.03.1 Type L		
14	Surface mounted linear profile to illuminate the cupola windows	1.03.1 Type M		
15	Surface mounted projector to illuminate the cupola	1.03.1 Type N		
16	Surface mounted spot to illuminate the top part of the cupola	1.03.1 Type O		
17	Surface mounted linear profile to illuminate the top part of the cupola	1.03.1 Type P		
18	Surface mounted spot to illuminate the cupola	1.03.1 Type Q		

19	Surface mounted linear profile to illuminate architectural features of the front facade of the church	1.03.1 Type R		
20	Surface mounted linear profile to illuminate architectural details on the front facade	1.03.1 Type S		
21	Pole mounted projector to illuminate the side of the church (including pole)	1.03.1 Type X		
22	Surface mounted projector to illuminate the sides and façade of the church	1.03.1 Type Y		
23	Surface mounted projector to illuminate the church façade	1.03.1 Type Z		
24	Painted corrosion resistant steel pole	1.03.1 Pole		
25	Wireless lighting control module	1.04.1		
26	Range extension module	1.04.2		
27	Remote access gateway	1.04.3		
28	DALI master controller	1.04.4		
29	0/1-10V-DALI controller	1.04.5		
30	Wireless scene selector and control switch	1.04.6
